

DAY III: 14th of November

9:00 – 11:00 Regional Café: Meet Your Donors (interactive session)

The café is a method of active dialogue, information exchange and consultation.

How will the Donors' café be organized?

The participants will be split in groups of 15-20 people, each group discussing the engagement and support provided to NGOs by a donor in the Black Sea region (the list of donors is included in the agenda).

At each table/group, the representative on behalf of the donor is "the host" of the table. After a first round of 20-25 minutes, the participants move to different groups, where they discuss the topics of those respective groups, while the hosts remain at the initial place throughout the Donors' café.

During one round, the donor representatives briefly present their funding programs and opportunities available for NGOs in the Black Sea region and answers the questions of the participants, thus enabling an interactive dialogue between donors and participants. There will be a number of approximately 4 rounds the whole process should not take more than 2 hours. Between rounds there will be a break of approximate 5 minutes for the host, the time used by the participants to change the groups.
